#### PARISH DATABASE

We are putting together a parish database. This is for a number of purposes:  
 -to give a clear picture of the population of the parish  
 -to allow the priest to visit/contact you when you make a request  
 -to help in the development of age-appropriate liturgies and social opportunities  
 -to allow you to inform us of any groups/voluntary roles in the parish in which you already have an involvement.  
 Your personal details will not be shared. Only the parish priest and secretary will have access to this information.  
 Please can one form per household be completed and returned as soon as possible to the box at the back of church.  
 If you have any questions please speak to Fr Chris or contact Claire in the parish office (please note office opening times).
